DELTA DYKE AND DRAIN BY-LAW OF THE MUNICIPALITY OF DELTA.

A By-Law to provide for the Draining and Dyking of a portion of the Municipality of Delta, to be known as the "Delta (1895) Dyking and Drainage Works," and for borrowing upon the strength of the said Municipality the sum of \$41,320.51 for completing the same.

[Provisionally adopted the 10th day of June, 1895.]

WHEREAS a majority in number and value of the owners, as shown by the last revised assessment roll of the property hereinafter set forth to be benefitted by the construction of the drainage and dyking works hereinafter provided for, have petitioned the Council of the said municipality, under the "Municipal Act, 1892," to cause the examination to be made of the following lands to be benefitted, namely:—Commencing at the high land on the Chewassen Indian Reserve; thence along the Gulf of Georgia to Canoe Pass; thence along Canoe Pass to Fraser River; thence along Fraser River to the high land opposite Annacis Island:

And whereas thereupon the said Council procured an examination to be made by Mr. A. R. Green, Civil Engineer, being a person competent for that purpose, of the said locality proposed to be drained and dyked, and has also procured plans and specifications and estimates of the work of construction to be made by the said A. R. Green, and an assessment to be made by him of the real property to be benefitted by such drainage and dyking, stating, as nearly as he can, the proportion of benefit which, in his opinion, will be derived in consequence of such drainage and dyking by every section or lot, or portion of section or lot, the said assessment so made being the assessment hereinafter by this by-law enacted to be assessed and levied upon the sections or lots hereinafter in that behalf specially set forth and described, and the report of the said A. R. Green in respect thereof and of the said drainage being as follows:—

"NEW WESTMINSTER, May 29th, 1895.

"To the Reere and Municipal Council, Delta, B. C.

"GENTLEMEN,—In accordance with instructions received from your honourable body to make examinations, surveys, plans, reports, estimates, and schedule of assessments for the construction of a dyke, as petitioned for by F. B. Pemberton and others, I beg leave to report that I have made such examination, surveys, plans, and reports, estimates and schedule of the sections, and I recommend that the work be done as follows:—

"That an earth embankment, of dimensions as stated in my plans, and cross-sections provided with all necessary outlets, be constructed, beginning at the high land on the Chewassen Indian Reserve; thence along the Gulf of Georgia to Canoe Pass; thence along the south bank of Canoe Pass to Fraser River; thence along the south bank of Fraser River to the high land opposite Annacis Island.

"These works will benefit lands in 3, 4, 5, and 6 townships.

"I estimate the costs of the works to be \$41,320.51, as shown in my detailed estimates. This sum I assess as in the accompanying schedule against the lands benefitted.

"I recommend that the maintenance of the dyke, ditch and boxes, gates, &c., be at the expense of the lands assessed for the works herein reported on, and the said lands paying in the same relative proportions as for the said works.

"I have the honour to be,

"Gentlemen,

"Your obedient servant,

"A. R. GREEN,

Be it therefore enacted by the said Municipal Council of the said Municipality of Delta, pursuant to the provisions of the "Municipal Act, 1892," and amendments thereto:—

1. That the said recited by-law which was passed and provisionally adopted by the said Municipal Council on the 4th day of May, 1895, be and the same is hereby repealed.

2. That the said report, plans, and estimates above recited be adopted, and that the said dykes, flood-gates, dams, and ditches, and the works connected therewith, be made out and constructed in accordance therewith.

3. That the Reeve of the said Municipality may borrow on the credit of the Corporation of the said Municipality the sum of \$41,320.51, being the funds necessary for the works, and may issue debentures of the Corporation to that amount, in sums not less than \$100 each, and payable within twenty years from the date thereof, with interest at the rate of five per centum per annum, that is to say, in twenty equal annual consecutive instalments, the first of which shall be due and payable at the expiration of one year from the date on which this by-law shall have been finally passed, all of such debentures to be payable at the Bank of Montreal, New Westminster, British Columbia, and to have attached to them coupons for the payment of interest.

4. For the purpose of paying the sum of \$41,320.51, being the amount charged against the said lands so to be benefitted as aforesaid, and to cover interest thereon for the twenty years at the rate of five per centum per annum, the following special rate over and above all other rates shall be assessed and levied in the manner and at the same time as taxes are levied upon the undermentioned sections or lots, and parts of sections or lots; and the amount of the said special rates and interest assessed as aforesaid against each section or lot, or part of section or lot, respectively, shall be divided into twenty equal parts, and one such part shall be assessed and levied as aforesaid in each year for twenty years after the final passing of this by-law during which the said debentures have to run.

KASLO CITY BY-LAWS.

BY-LAW NO. 31.

By-law to inaugurate certain beneficial works for the protection of the City of Kaslo and the lives and properties of the citizens of the said City from the ravages of the Kaslo River, which flows through said City.

WHEREAS, at a meeting of citizens held in the school-house in February, 1895, to consider the question of the safety of the City, and to determine the best method of temporarily protecting the City against the repetition of the lamentable destruction which was by said river caused in the year 1894, whereat it was resolved that certain temporary works should be commenced, and a committee was nominated to wait upon the City Council, to investigate and report at the next meeting:

And whereas, at such adjourned meeting the said committee reported in favour of such work being undertaken at once, and that the Municipal Council had agreed to co-operate with and aid the citizens in putting up such works as were necessary forthwith to preserve the City and confine the river to one instead of many channels; the committee further reported that many citizens had volunteered labour to aid the work, which if left undone would be a menace to the safety of the whole City, as it was well known that large quantities of snow were lying in the basins of the hills and hot weather was likely to come on at any time and so cause the City to be in imminent danger from the effects of its devastating floods, and imperil life, limb and property:

And whereas it was decided to petition the Municipal Council to immediately undertake such protection works, immediate action being the only safeguard as the waters were rising:

And whereas the Municipal Council did at once undertake and execute the temporary protection work and the waters of the whole river were confined to one channel, whereby the safety of the said City was, at much labour and expense, insured for the present season of 1895:

And whereas the experience gained proved the utility of the action taken, and clearly indicated the proper course to pursue in future in order to permanently assure the safety of the City:

And whereas the whole of the citizens will be benefited by the river being confined to its present single channel, and it would be more equitable to execute the proposed permanent works out of the public funds rather than assess the individual owners of lots immediately contiguous to the river:

Therefore be it enacted by the Municipal Council of the Corporation of the City of Kaslo as follows:—

1. That permanent protection works shall be erected on the north side of Kaslo River where necessary within the limits of the said City of Kaslo.

2. That the cost thereof shall be charged to the general funds of the public works account.

3. That the lands, viz., portions of Blocks 25, 26, 27, 30, 33, 34, 35 and 36 of Kaslo City, more particularly shown on a map deposited in the Lands Registry Office, and therein numbered No. 393, also Blocks 20, 22, 23, 24, 26 and 32, Kaslo City, more particularly shown on a map deposited in the Lands Registry Office, and therein numbered 393A, which may be required for the erection of said permanent protections, shall be expropriated and be purchased from their respective owners at such price or prices as may, in the nature of the proposed works, and the benefit they will confer upon the adjacent owners, appear and be equitable, fair and reasonable.

4. In the event of the Municipal Council of the Corporation of the City of Kaslo being unable to come to terms as to the value for the lands thus expropriated for the improvement and protection works aforesaid, the question of value shall be referred to arbitration, as provided by the "Municipal Act, 1892," and amendments, and the "Arbitration Act, 1893."

And be it further enacted that the City Engineer for the time being be and he is hereby authorized to enter upon the lands required for the purpose aforesaid, and to lay out the same according to this by-law.

Passed the Municipal Council September 10th, 1895.

Reconsidered, finally passed and adopted September 16th, 1895.
